 BudgetNet

All numbers in  
 both BudgetNet  
 and PeopleSoft

- ❑ The list of Program numbers provided today are mapped to the FY06 structure
- ❑ The most current list of Program numbers will be maintained on the OPB BudgetNet home page
  - This list will be available in the next few weeks
  - The list will be updated with any additional FY07 numbers after the Appropriation Act is signed into law

### Program Maintenance

#### ☐ Process

- Agencies submit new Program requests to OPB
- OPB assigns Program numbers and adds values to BudgetNet
- SAO enters Program Chartfield values into PeopleSoft

#### ☐ Guidelines

- Appropriated Programs can only change through the appropriations process
- OPB can facilitate restructuring Sub-programs within a Program as part of AOB set up
- OPB maintains a program structure for all non-appropriated Agencies and Authorities
- OPB maintains the Program/Sub-program list and any changes to Programs/Sub-programs must be approved by the OPB analyst and OPB Division Director
- Any changes to Program structure will require the agency to load the data for the new Programs
- Temporary Program number(s) can be established during budget development
